

OCS is committed to pursue a safe working environment for all employees and protection of the environment.

It is the company's policy that all employees, including contractor staff, are empowered to stop work when there is a potential danger to the safety and health of the employees, members of the public, or pose potential harm to the environment and property.

The individual's decision to stop work for himself or others by intervention will have the full support of the management. Where there is any doubt whether work should stop, employees should immediately notify the hazardous situation to the superior on site.
